

I and my
Wife

started off to USA to see our younger son, Mr. H. Lakshmi Narayana, living in Phoenix-Arizona state, serving his favorite organization M/s South West Energy Systems-Phoenix.

The CEO of M/S South West Energy Systems arranged a picnic for all the employees of the organization and we were very much impressed to know that –knowing we were in USA- the CEO of the company personally extended invitation to us through our son.

Saturday, the 21st of July 2018 is the day of picnic and a place called “strawberry” –Arizona was the area selected for the picnic.

Filled with great enthusiasm in the mind, we started off to the picnic spot in the morning of Saturday and reached the spot by 6pm –duly covering the

visit of “sadona” enroute-enormous with beautiful mountains and rocks.

It was really a pleasant surprise that we were received by **Mr. David Hoffman** -the CEO of the company.

“This is the true leadership”-I told my son-respecting the families of the employees enhances the image of the company in the minds of the entire family members, which indirectly enhances the motivational levels of the individual employee.

There after we have met each and every family gathered there and all of them received us as if we were known to them in the past and no one showed even an iota of feeling of strangers in our mind.

Every family encouraged us to have a photograph with them and all the moments were captured in our Heart.

The kids were so cute and mixed with us very easily and fascinated to watch my wife who is in a saree and wore bangles. At the end of the party all the members enjoyed playing, which the CEO team emerged as the WINNERS. We cannot forget the shuttle played with the children in the morning of Sunday and witnessed smallest guy master with the bat and the smile on his face

Accommodation in the cabins was so Cozy and Elegant with 5star facilities in the midst of jungle. The food arranged so delicious and varied and we have enjoyed along with juices and fruits arranged there.

At the end we want to mention the heading” VASUDHAIVA KUTUMBAKAM” which means “the world is one family”.

Thanks to each and everyone for giving us a special moment to cherish for ever.

Thanks and regards,

H.Samba Siva Rao.
